Eric Davis presents:

Introduction to Computed Tomography

Sponsored by: Avante Health Solutions

Avante | Health Solutions

Wednesday, September 18, 2019, 2:00pm ET

PRESENTER: Eric Davis

Eric Davis, Vice President of Operations-Imaging at Avante Medical Surgical.

WEBINAR AGENDA: This 60-minute webinar will feature Eric Davis, Vice President of Operations-Imaging at Avante Health Solutions. Join Eric as he discusses the following topics:
1. The history of Computed Tomography from the first-generation scanners to fourth generation scanners and the advancements between each generation.
2. Basic overview of the theory and physics that make it possible.
3. Hounsfield numbers (CT number) and the importance of them.
4. Different types of applications and studies that Computed tomography is used for.
5. Common problems and cost of ownership from a maintenance perspective.

Webinar Wednesday would like to thank our sponsor Avante Health Solutions!

Avante Health Solutions provides a single source solution for all your capital equipment needs from one powerful partner. They are a one-stop, brand-agnostic supplier of high quality, new and refurbished equipment at prices that stretch your dollar. With best-in class service, parts and repair, the perfect health solution is one click away. For more information visit www. AvanteHS.com

on Facebook and Twitter

"I find Webinar Wednesday's highly educating and informative; I simply love it. It makes me a smarter BioMed!"
-Alero O.

"Webinar Wednesday's are an excellent resource for continuing education credits. We have found them to answer some of the questions we have had for specific equipment management, and the discussions on regulations and latest rules have been useful as well. Keep up the good work!"
- Leroy S.
